(10% discount available when you order online)
Contact your local Consultant for your 20% discount on any order received by 31st March 2014. There is a minimum order of £350. You must give this voucher to your Consultant and quote the code on the back of this catalogue. Please note, this voucher can be used only once. UK schools only. Cannot be used in conjunction with any other offer. Find your local Oxford Educational Consultant online at www.oxfordsecondary.co.uk/repfinder.
The number 1 KS3 course has evolved, for today’s teachers and students

Fully revised for the new KS3 Programme of Study, the fourth edition of *geog.123* takes the same thorough and motivating approach that has already made the series so popular. And now, there’s also stunning online material to really bring geography to life - and save you time!

- Both print and online versions of the Student Books are available, full of lively content to help **spark a passion for geography**
- **Next generation Kerboodle*** helps you to prepare stimulating lessons with minimal fuss
- Provides everything you need to deliver the new curriculum, including **a wealth of assessment material**
- Teacher’s Handbooks and Workbooks offer a **complete package of support**, great for non-specialists

**Evaluation**

Free for 30 days

- *geog.1 Evaluation Pack* 978 019 839296 5 £16.50
- *geog.2 Evaluation Pack* 978 019 839297 2 £16.50
- *geog.3 Evaluation Pack* 978 019 839298 9 £16.50

Each pack contains the relevant Student Book, sample material from the Teacher’s Handbook and Workbook, and access to a preview of the online resources. Packs are free for 90 days.

**Looking for... ?**

- 4. Rocks, soils, and weathering
- 5. Earthquakes and volcanoes
- 6. Russia
- 7. The Middle East

**Workbook**
- geog.3 Workbook

**Teacher’s Handbook**
- geog.3 Teacher’s Handbook
- geog.3 Lessons, Resources and Assessment
- geog.3 Online Student Book

---

Please note that contents lists were correct when this catalogue was printed, but may change as we work to provide the best possible coverage of the new KS3 Programme of Study.

---

**geog.atlas** is perfect for learning about maps. Read more on pages 8-9.
New

Full coverage of all the topics listed in the new KS3 Programme of Study, such as glaciation and India

Accessible language and a student-friendly approach help all your students to tackle each topic

Revised and updated throughout

Did you know?... What if? circles catch students’ interest and make great discussion points

High quality photos, maps and diagrams on every page
Kerboodle

Now you can access **geog.123** online too, using next generation Kerboodle*. You’ll have plans and presentations for each lesson at your disposal, including lots of lively material to support your teaching, such as videos, animations, interactive activities, and worksheets. Plus, there’s comprehensive support for assessment. It’s intuitive to use, customizable, and both teachers and students can access it online at any time and anywhere.

### Lessons

- **Ready-to-play lesson presentations** complement every double-spread in the Student Book
- **Front-of-class resources** are built into each lesson presentation so they’re just a click away
- Every lesson is accompanied by teacher notes to fully support your delivery of active, creative lessons

### Resources

- **Digital materials**, including videos, animations, interactive activities and worksheets, that you can rely on to be there when you need them
- **Resources** are designed specifically for the new KS3 Programme of Study and fully integrated into the **geog.123** course
- **Varied support** to suit different learning styles and abilities

*Kerboodle was developed by Nelson Thornes, now part of Oxford University Press*
**Assessment**

A range of formative and summative tests which includes screen- and paper-based assessments.

Provides extended assessment tasks, auto-marked end-of-lesson assessments, exam-style questions, and self-assessments.

The automated Markbook makes it easy for you to track students’ progress.

---

**Kerboodle Book**

Teacher access to the Kerboodle* Book, an online version of the Student Book, is automatically available as part of the Kerboodle: Lessons, Resources, and Assessment package.

You can also choose to buy access for your students. Student access includes a range of tools which let students annotate their book. It can be accessed on other devices, such as tablets, too.

There are two purchasable options: Kerboodle: Lessons, Resources, and Assessment (which includes teacher access to the Kerboodle Book) and student access to the Kerboodle Book. You can choose to use one or the other, or both – you decide what you and your students need.

---

*Kerboodle was developed by Nelson Thornes, now part of Oxford University Press.*
Workbooks

A page of fill-in activities for every double-page spread in the Student Book

Perfect for homework, independent study, or cover lessons

Teacher’s Handbooks

Practical support for every double-page spread in the Student Book

Starter and plenary ideas speed up your planning

Includes answers to all the Student Book questions

Sample Teacher’s Handbook pages

Sample Teacher’s Handbook pages

"One of the most exciting KS3 courses I have come across in twenty six years of teaching."
Mr Thomson, Geography teacher, Gosport, on previous edition

Sample Teacher’s Handbook pages

Sample pages from geog.1 Workbook
Help your students better understand their world

A teaching atlas that’s perfect for developing key locational knowledge and an understanding – and enjoyment – of maps.

Maps are clearly labelled, simplified and focused, so they’re easier for students to access and learn from.

Stunning satellite images alongside physical geography maps aid understanding.

Absorbing ‘Places to know’ maps introduce fascinating details about each continent and the British Isles.

Suitable for use alongside geog.123 or any other KS3 course.
Ordering

groq_atlas ........................................ 978 019 839075 6 ........ £10.99
PVC jacket size D.

Includes an up-to-date data section

Unique “World Watch” pages provide accessible coverage of places that crop up in the news

Engaging “Did you know?”s provide context

Straightforward explanations help students understand maps and what they show

Support your lower-ability students

Specials! are written to meet the needs of 11 to 14-year-olds with lower-level literacy skills, and give students a feeling of success in their work while ensuring full access to the curriculum.

- Each book includes: photocopiable activity sheets, interesting visuals, detailed teacher pages, support material, and assessment
- Add in your own images and illustrations, and multiple-choice questions
- Specials! CD-ROMs contain all the activity, resource and assessment sheets in an editable format, so you can customize them to suit your students

Local and world communities
- Settlements
- Tourism
- Earning a living
- Looking at Brazil
- Links between places

Global issues
- Populations
- Resources
- Sustainable development
- Brazilian rainforests
- Ecosystems
- Affecting the environment

Physical processes
- Volcanoes and earthquakes
- Floods
- Rivers
- Coastal environments
- Weather

Mapping skills
- Plans, sketch maps and features
- Places and maps
- Locating places and four-figure grid references
- Maps of the UK

Other subjects are also available

Specials! are also available for History, RE, Science, English and Citizenship. Visit www.oxfordsecondary.co.uk/specials to find out more.

With CD-ROM

Sustainable development
- Sustainable development
- Deforestation
- Resources and energy
- National parks
- More energy sources
- Antarctica
- The Greenhouse Effect
- An eco-future?
- Rainforests

Rivers: from source to sea
- The water cycle
- The course of the river
- River erosion
- River transportation
- River deposition
- River landscapes and valleys
- Flooding
- River conservation and renewal

The course that’s truly accessible for all your AQA A students

- The best support for the AQA GCSE Geography A 2012 specification, with coverage of all three units
- Packed full of interesting case studies, including urbanisation in Mumbai and deforestation in the Atlantic Forest
- A bank of exam-style questions, with mark schemes included in the Teacher Handbook and on the OxBox CD-ROM, helps your students achieve their potential
- The only Student Book for the specification to include a guide to Controlled Assessment

Contents

Unit 1: Physical geography
Section A
1. The restless Earth
2. Rocks, resources and scenery
3. Challenge of weather and climate
4. Living world
Section B
5. Water on the land
6. Ice on the land
7. The coastal zone

Unit 2: Human geography
Section A
8. Population change
9. Changing urban environments
10. Changing rural environments
Section B
11. The development gap
12. Globalisation
13. Tourism

Unit 3: Local fieldwork investigation

I have found this book the most helpful course specific book I have used as a geography teacher.
Mr DJ Atkinson, Gresham’s School

The perfect textbook for the course. I find this much more accessible than the overly wordy textbooks which are also on offer.

Amazon review
Concepts are clearly explained through student-friendly language and high-quality visuals

Highlighted key words help students to focus their learning

Customizable lesson plans and activities save you planning time

Includes all the photos, maps and diagrams from the Student Book

Includes an interactive digital book for classroom use

With additional exam-style questions for both Foundation and Higher tiers

Also available...

Teacher Handbook with starters and plenaries, homework activities and answers to all activities in the Student Book
The most up-to-date and engaging course for OCR B

- The Student Book is endorsed by OCR for use with the OCR GCSE Geography B specification
- Case studies include London 2012 and the Gulf Coast oil spill, and the 2010 Haiti earthquake
- A sustainable decision-making exercise (SDME) on every theme and an introductory chapter on sustainability
- A bank of exam-style questions, with mark schemes included in the Teacher Handbook and on the OxBox CD-ROM, helps your students reach their potential

Contents

Unit 1: Sustainable decision making
1. Sustainability

Unit 2: Geographical enquiry
2. Fieldwork focus
3. Geographical investigation*

Unit 3: Key geographical themes
4. Rivers and coasts
5. Population and settlement
6. Natural hazards
7. Economic development

* This chapter is no longer required for the 2012 specification.

I really like the clear layout and use of diagrams and short facts in your book.”

Verity Burgess, Twynham School

GCSE Geography Edexcel B Student Book (Second Edition)
978 019 839221 7 £25.99

Case studies seem detailed, current and up-to-date, with good locational variety. I think it will help all tiers and abilities.

Alix Page-Walters, Kingsmead School
**Student Book**

**Managing challenges in developing world cities**

In this section, you’ll look at how a self-help scheme has improved the quality of life in a developing world city.

In August 2012, when the London Olympic Stadium in London was the Olympic centre, Rio de Janeiro was the Olympic city. The city hosted the Olympic Games in September, the first of its kind in Brazil. Despite this, Brazil has the Football World Cup in 2014. Rio has got a lot to work on. It has to build sport venues, develop a travel infrastructure, and plan for City.

Welcome to Rio.

Rio has a good mix of people, from the rich to the poor. The city is known for its beaches and its beautiful weather. People love the city of Rio and say that they have the best of both worlds.

**New Edexcel GCSE Geography Student Book (Second Edition)**

- Glossed key words to help students get to grips with important concepts.
- Complete coverage of the topics introduced for the revised specification.
- Fully revised so you can trust the information is up-to-date.
- Exam-style questions on every double-page spread.

**Teacher’s Handbook**

**Managing challenges in developing world cities**

Complete Geography for Cambridge IGCSE

Written by examiners David Kelly and Muriel Fretwell and matched to the Cambridge syllabus, these resources support achievement and develop globally aware learners. Packed with engaging case studies, they challenge learners to think critically. The comprehensive Revision Guide cements understanding and builds exam confidence.

Relate the theory to an exam context with past papers, tests, and revision support included on the CD

Oxford Content and Language Support: Geography

Integrate geography theory and language learning in a practical and accessible resource for ages 13-16 – ideal for the international, bilingual or immersion classroom. Support EAL students with engaging activities, and plenty of speaking and listening practice.

This title has not been through the Cambridge endorsement process.
Global Perspectives for Cambridge IGCSE

Cultivate critical thinking right from age 14 through engaging and focused activities. Written by an examiner, the practical and structured approach gives students the confidence to apply their skills in assessment. It enables students to leap confidently into higher level critical thought, for a strong start in IB Theory of Knowledge.

We are working with Cambridge International Examinations towards endorsement of this title.

Prepare students for the group project with relevant activities that drive collaboration

Break down complex reasoning processes in a logical, structured way

Enable students to analyse written work critically, strengthening writing skills for assessment

Free teacher support site

Coming soon: up-to-date and internationally relevant resources provide fresh springboards for discussion and project work.

I think Nagle is the master of textbooks and I would recommend his publication over any others any day.

Geography Teacher, Hong Kong

All the content is there in an accessible format, enriched with links to TOK and the requirements for the Internal Assessment.

Richard Allaway, International School of Geneva
This is an invaluable tool both for myself and my students — incredibly comprehensive, coherent and it links aspects of the learner profile. I don’t know what I would do without my copy!

Environmental Systems and Societies Teacher, Dallam School, UK
Colourful, student-friendly atlases

---

"The information is really accessible for the students, the maps are clear and the places to know sections are really useful."  
Mark Eyles, Colston’s School, Bristol, on geog.atlas

Supports international curricula

For students working within NC levels 1–3
Oxford School Atlas

The most engaging reference atlas for ages 11–14

- Accessible visual layout based on research into how students use maps
- Explores key curriculum themes, such as earthquakes and volcanoes, climate, economic activity, and development
- Case studies of Italy, Kenya, Brazil, Japan, China, California, the Indian Ocean tsunami, Hurricane Katrina, and Antarctica
- Special sections on atlas literacy and numeracy, and country data

Oxford School e-Atlas CD-ROM

A stunning interactive version of the Oxford School Atlas.

- Suitable for both individual study and whole-class display – and it’s networkable
- Can be used on an interactive whiteboard or data projector
- Map templates for atlas activities
The most accessible atlas for ages 14–18

- Extensively researched with teachers to provide the maps and data students really need
- Addresses key exam specification themes and issues such as earthquakes and volcanoes, climate and climate change, economic activity, development, and globalisation
- Comprehensive coverage of the British Isles, Europe, and the world
- Eight pages of country data

Oxford Student e-Atlas CD-ROM

The stunning Oxford Student Atlas in an interactive format.
- Can be used for individual study or whole-class display – and it’s networkable
- Suitable for interactive whiteboards and data projectors
- Includes map templates for atlas activities
Oxford International STUDENT’S Atlas

A colourful, comprehensive atlas which fully supports international curricula

---

Atlas of Wales

The atlas especially for Wales

---

Recommended by Cambridge International Examinations for Cambridge IGCSE and Cambridge International A Level

- Designed for the international classroom
- Fully up-to-date, and includes country data with easy-to-read, full-colour maps
- Provides comprehensive coverage of every continent while addressing key global themes including climate change, globalisation, and development

**Total £**

---

* **Postage and Packing**

  Postage and packing is free on evaluation items for UK educational establishments, and is £3.00 on firm orders. Overseas school customers should add 10% for postage and packing on orders up to £1,000 (minimum charge £4.25). For orders in excess of £1,000 please contact us for details. Private individuals should add postage and packing at the following rates: UK £3.00; Europe: £6.00; Rest of World: £9.00. (All these charges include VAT.)

# VAT

  UK customers (including the Isle of Man but not the Channel Islands) should add VAT at standard rate on non-book items (e.g., cassettes, videos, CD-ROMS, PVC Jackets, online subscriptions). Customers elsewhere in the European Union should provide their VAT number ___________________, and no VAT will be charged.

  Prices are correct at the time of going to press, but are subject to change without notice. VAT is payable on all non-book items.
